**96 Hour STAC Report**

- Next Report: 05/29/18

# SITUATION SUMMARY

## Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Normal Operations	Normal Operations	Normal Operations	Normal Operations

### Cal OES COASTAL REGION

- Nothing significant to report.

### Cal OES INLAND REGION

#### **Train Derailment, Anderson, Shasta County, SPILL: 18-3433**

On 05/28/18 at 2240 hours, the California State Warning Center (CSWC) received a report from Union Pacific Railroad (UPRR) that one boxcar loaded with pulp paper product derailed in the upright position due to unknown cause.

- There were no hazardous materials released and no injuries reported.
- CSWC personnel performed notifications per SOP.

### Cal OES SOUTHERN REGION

#### **Virulent Newcastle Disease (vND) in Chickens, Los Angeles and San Bernardino Counties**

The California Department of Food and Agriculture (CDFA) has detected virulent Newcastle Disease (vND) in chickens in Los Angeles and San Bernardino Counties.

- CDFA and the U.S. Department of Agriculture (USDA) are scaling up their response to this incident, as more cases have been detected.
- CDFA has confirmed that there are no commercial premises currently involved.
- CDFA has confirmed there is no public health risk due to this virus.
- Cal OES Southern Region continues to assist CDFA in identifying a facility to expand operations, as the current Incident Command Post (ICP) is too small for the current number of responders and supplies.
  - CDFA prefers to have the facility in the immediate area of the CDFA district office, located in the City of Ontario, San Bernardino County.
  - The Cal OES Southern Region Agency Representative (AREP) obtained a list of facilities from San Bernardino County Real Estate Services. CDFA has expressed interest in some of the facilities on the list. Appointments will be made 05/29/18, to inspect the facilities.
  - An inquiry will also be made 05/29/18, with the California Department of General Services (DGS) to locate available facilities in the area.

### **Activations**

- San Bernardino Operational Area (OA) Emergency Operations Center (EOC) is activated to Level 3 (lowest level) and will monitor the incident through the holiday weekend.

### **Deployment**

- One (1) Cal OES Southern Region Senior Emergency Services Coordinator (Sr. ESC) deployed to the CDFA/USDA ICP as an AREP with an operational period of 0700-1900 hours.
- One (1) Cal OES Logistics Section Chief deployed to the CDFA/USDA ICP with an operational period of 0700-1900 hours.

## California 911 System

CA 911 Outages		
Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	No 911 Outages

### 911 Outages/Remote/Community Isolations:

- None reported.

### Service Interruptions:

- None reported.

# WEATHER OF CONCERN

## Weather of Concern

- Well above-average temperatures continue today.
- Afternoon and evening thunderstorms are possible over higher terrain through Thursday.
- Dangerous Fire Weather is expected Wednesday and Thursday across the Colorado River Valley, portions of San Bernardino County due to S or SW winds of 15-25 mph with gusts of 30-40 mph possible (strongest winds are expected Thursday) and humidity 5-10% in the valleys and 10-15% in the mountains.

# WEATHER SYNOPSIS BY REGION

## **NORTHERN CALIFORNIA**

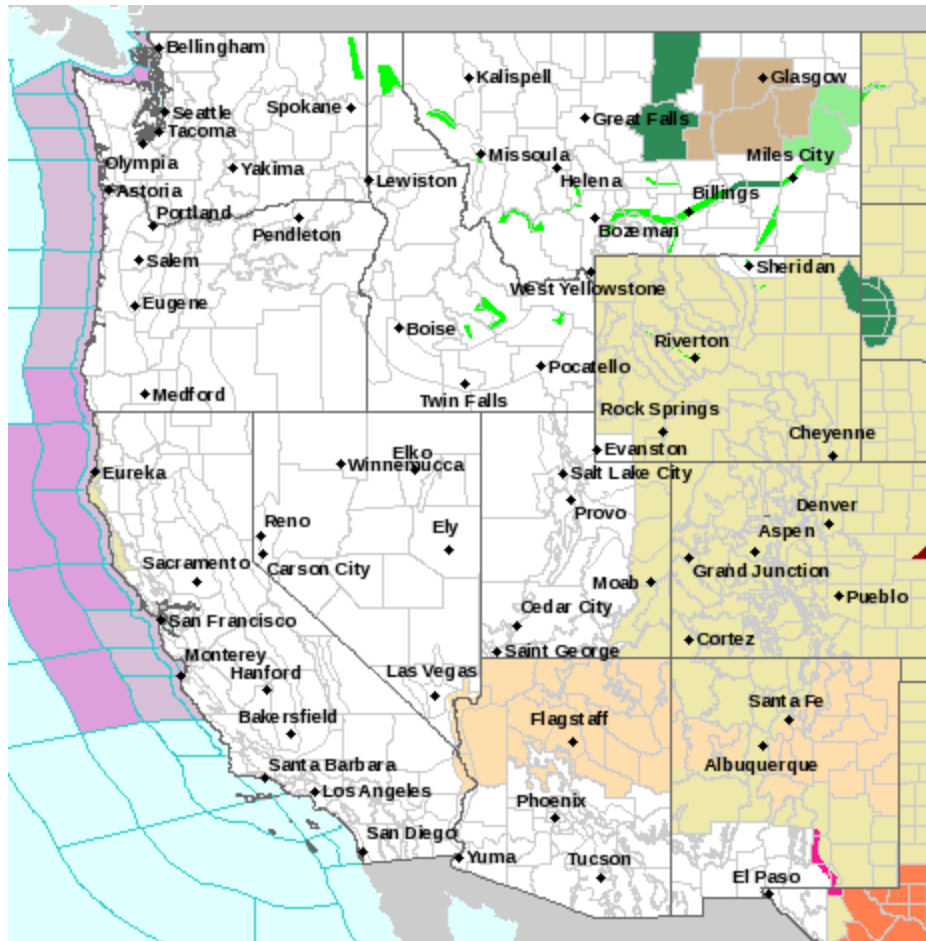

Well above-average temperatures continue today. Afternoon and evening thunderstorms are possible over higher terrain through Thursday. A significant cool down is expected during the middle of the week followed by a warming trend for the weekend.

## **SOUTHERN CALIFORNIA**

There is a slight chance of elevated thunderstorms across the local mountains this afternoon and evening. A ridge of high pressure may build into the region this weekend, bringing a return to warmer conditions with less in the way of low clouds. A warming trend will begin today and continue into Wednesday with temperatures in the lower deserts climbing into the triple digits. Increasingly breezy conditions are expected Wednesday and Thursday as a trough moves through along with cooling temperatures. Warming will resume over the weekend with temperatures climbing several degrees above normal.
